

CFA INSTITUTE RESEARCH CHALLENGE HOSTED BY INDIAN ASSOCIATION OF INVESTMENT PROFESSIONALS

2016-2017 SPONSORSHIP OPPORTUNITIES

The CFA Institute Research Challenge offers students the unique opportunity to learn from leading industry experts and compete with peers from the world's top finance programs. This annual educational initiative promotes best practices in equity research among the next generation of analysts through hands-on mentoring and intensive training in company analysis and presentation skills. Universities assemble teams of three to five business and finance students who work directly with a company in researching and preparing a company analysis.

The competition is open to undergraduate and graduate students. 50 universities from 4 regions have been invited to participate in the CFA Institute Research Challenge 2016-17. The team's final research reports and presentations will be evaluated locally and 3 winning teams from India will advance to the Asia Pacific Regional Final in March 2017.
